EDWARD MORFA

Compliance Archiving & eDiscovery Operations | Microsoft 365 Purview, Information Security

Hollywood, FL • 480-227-4994 • edwardfive@gmail.com • **CISM | CISA | CRISC | CDPSE**

PROFESSIONAL SUMMARY

Information security and compliance operations leader with nearly 20 years in technology, most of it in financial services (Experian, Truist, Wells Fargo, Santander, BankUnited, Banco de Reservas). Started as a hands-on network administrator, security engineer, and developer, then spent 12+ years assessing and improving data governance, access control, and compliance operations. Led IT audit and project teams for five years, setting priorities, guiding staff, and holding teams accountable for quality and deadlines. Administers Microsoft 365 compliance (Purview retention, eDiscovery, Communication Compliance, and data connectors), works with compliance archiving platforms and FINRA and SEC record-keeping requirements, governs access through approved request workflows, and automates operations with PowerShell, Azure Automation Runbooks, and Logic Apps. Handles confidential matters with discretion, supports audits with evidence and clear control explanations, and explains technical risk to business stakeholders and senior leadership. Holds CISM, CISA, CRISC, and CDPSE.

CORE COMPETENCIES

Compliance Operations: Electronic communications archiving and retention, eDiscovery searches, holds, and exports, communication surveillance, data governance and classification, data privacy (CDPSE), audit support, evidence and control documentation, remediation management, procedures and runbooks

Team & Service Leadership: Team leadership and coaching, priority and workload management, escalation handling, service standards and reporting to leadership, vendor and service-provider management, stakeholder partnership with Compliance, Legal, HR, and Audit

Microsoft & Platforms: Microsoft 365 Purview (Data Lifecycle Management, eDiscovery, Communication Compliance, permissions, data connectors), Exchange Online, SharePoint, Teams, compliance archiving platforms, Azure, Entra ID, ServiceNow, SailPoint, database concepts

Automation & Documentation: PowerShell, Azure Automation Runbooks, Logic Apps, Python, SQL, connector and data-quality monitoring, Confluence, Visio, PowerPoint

Frameworks & Regulations: FINRA 4511, SEC 17a-4, SOX, GDPR, NIST CSF, NIST 800-53, ISO 27001, SOC 2, PCI DSS, COBIT, banking and financial services regulations

WORK EXPERIENCE

Director of IT, Cybersecurity, Audit & Risk (Virtual CISO)
Dec 2024 – Present

tjss.us | *Miami, FL*

- Serve as virtual CISO for client organizations, owning security operations and compliance services and reporting operational health, risks, and improvement priorities to leadership.
- Administer Microsoft 365 compliance for clients: Exchange Online, SharePoint, and Teams, plus Purview retention policies, eDiscovery searches and holds, Communication Compliance, and data connectors; automate support with PowerShell, Azure Automation Runbooks, and Logic Apps.
- Oversee managed security services covering threat detection, continuous monitoring, incident response, and penetration testing, and document procedures and architecture in Confluence and Visio.
- Manage technology vendors and service-provider escalations across cloud services, networks, and business applications, and deliver security awareness training to client staff.

IT Audit & Project Manager
Aug 2024 – Dec 2024

Experian (via TalentBurst) | *Miami, FL*

- **Assessed security controls for Experian internal audit:** built five risk and control matrices and led 15+ ITGC walkthroughs, improving audit planning efficiency by 35% and reaching 90% risk coverage.
- Tested 100+ controls for design and operating effectiveness, identified 30+ gaps, and worked with control owners on remediation, supporting a 40% improvement in compliance.
- **Evaluated access request workflows and permissions across SailPoint, Saviynt, ServiceNow, and Azure AD:** provisioning, deprovisioning, access reviews, least privilege, and change approvals.

Senior IT Security Audit Project Specialist
Sep 2023 – Jul 2024

Truist Bank (via RGP) | *Miami, FL*

- Identified and assessed 30+ information and network security risks at a large U.S. bank and turned them into practical remediation plans that technology owners could prioritize.
- Worked with 10+ technology and security stakeholders to review incident response and resilience and evaluate security control effectiveness.

Cybersecurity & IT Risk Consultant
Dec 2018 – Aug 2023

Apex Systems | *Multiple U.S. locations*

Security, compliance, and data governance engagements for banking, technology, healthcare, and logistics clients.

- **Santander, Wells Fargo, BankUnited:** Led 50+ technology and third-party vendor risk assessments for banking clients, including SOC 2 control reviews.
- **Deutsche Post DHL, VMware:** Ran 30+ SAP, network security, and open-source compliance reviews; automated control testing and data analysis with Python, cutting manual effort by 40%.
- **Eide Bailly:** Supported FedRAMP, FISMA, SOC 2, HIPAA, and HITRUST assessments and performed 20+ penetration tests.
- **Banner Health:** Designed IT governance controls and policies for HIPAA and PCI DSS.
- Assessed electronic communications retention and compliance archiving controls against FINRA 4511 and SEC 17a-4, including litigation holds and eDiscovery support for legal and HR investigations.

Internal Auditor II
Jul 2017 – Nov 2018

Allergan (now AbbVie) | *Madison, NJ*

- Reviewed security risk on IT acquisition and development projects, including SDLC and agile practices for 12 applications and change management on three platforms.
- Audited data classification, backup and recovery, encryption, data centers, and incident response; tested access for 5,000+ users and 2,000+ devices.

IT Audit & Project Manager
Jun 2012 – Jul 2017

Banco de Reservas | *Santo Domingo, DR*

- Led IT audit and project teams at a national bank, setting priorities, guiding staff, and holding the team accountable for quality; identified 80+ critical security vulnerabilities and drove them through remediation.
- Directed IT governance, audit methodology, and control improvements that cut compliance gaps by 40% and made audit cycles 30% more efficient.
- Evaluated DR/BCP design for 20+ critical systems, including replication, redundancy, RTO, and RPO, and reviewed encryption and data protection controls.

Software Developer, Network Administrator & Security Engineer
May 2006 – Jun 2012

Banco de Reservas | *Santo Domingo, DR*

- Managed Windows/Linux, firewalls, IDS/IPS, and SIEM; handled confidential incident investigations and forensics; automated operations with PowerShell and Python; built a Java/MySQL application.
