EDWARD MORFA

Principal Security Architect

Hollywood, FL | 480-227-4994 | edwardfive@gmail.com

SUMMARY

Security leader with 15+ years across network engineering, cloud and identity security, and IT risk. Started out running firewalls and writing Java applications at a bank, spent a decade auditing security controls for firms including Experian, Truist, and Wells Fargo, and now runs security programs for clients as a virtual CISO. That background makes it easy to work through how a control actually gets built with engineers, then explain to executives why it matters and what it will cost. Strongest in identity governance (SailPoint, Saviynt, Entra ID), AWS and Azure security, and turning assessment findings into remediation plans teams can deliver.

CORE SKILLS

Identity & Access: SailPoint, Saviynt, Microsoft Entra ID (Azure AD), ServiceNow, joiner/mover/leaver, access certifications, privileged access, least privilege

Cloud & Infrastructure: AWS, Azure, firewalls, IDS/IPS, SIEM, Linux, Windows, encryption (AES-256, TLS, IPsec)

Application Security: Secure SDLC, penetration testing, vulnerability assessment, Java, Spring Boot, MySQL, Python, PowerShell

Risk & Compliance: NIST, ISO 27001, COBIT, SOX, SOC 2, PCI DSS, HIPAA, BCP/DR (RTO/RPO), incident response

EXPERIENCE

tjss.us **Dec 2024 – Present**

Director of IT, Cybersecurity, Audit & Risk (Virtual CISO) *Miami, FL*

- Serve as virtual CISO/CTO for client organizations: set security strategy and present risks and proposed investments to owners and leadership in business terms.
- Review client cloud, identity, application, and network environments and rank fixes by exposure, operational impact, and compliance obligations.
- Run managed security services covering threat detection, continuous monitoring, incident response, and penetration testing.
- Map client controls to NIST, ISO 27001, SOC 2, HIPAA, GDPR, and SOX; write business continuity and disaster recovery plans.
- Oversee client cloud services, networks, business applications, and vendors, and deliver security awareness training to client staff.

Experian (via TalentBurst) **Aug 2024 – Dec 2024**

IT Audit & Project Manager *Miami, FL*

- Evaluated identity controls across SailPoint, Saviynt, ServiceNow, and Azure AD, including provisioning, deprovisioning, role authorization, quarterly access reviews, and least privilege.
- Walked joiner/mover/leaver and certification workflows end to end to confirm access was granted and removed as designed.
- Built five risk-control matrices and led 15+ ITGC walkthroughs, improving audit planning efficiency by 35% with 90% risk coverage.
- Tested 100+ controls for design and operating effectiveness, found 30+ deficiencies, and supported a 40% improvement in compliance.
- Assessed change management approvals against SOX 404, ISO 27001, and NIST.

Truist Bank (via RGP) **Sep 2023 – Jul 2024**

Senior IT Security Audit Project Specialist *Miami, FL*

- Identified and assessed 30+ information and network security risks, and turned them into remediation recommendations technology owners could prioritize.
- Worked with 10+ stakeholders to review incident response and resilience, and evaluated the effectiveness of IT controls.
- Performed 25+ ITGC tests and reported gaps with recommended fixes.

Apex Systems **Dec 2018 – Aug 2023**
Cybersecurity & IT Risk Consultant *Multiple U.S. locations*

- **Santander, Wells Fargo, BankUnited:** Led 50+ technology and third-party risk assessments, including SOC 2 control reviews.
- **Deutsche Post DHL, VMware:** Ran 30+ SAP, network security, and open-source compliance audits; wrote Python scripts to automate control testing, cutting manual effort by 40%.
- **Eide Bailly:** Performed 20+ penetration tests along with SOC 2, FISMA, HIPAA, and HITRUST assessments.
- **Banner Health:** Designed IT governance controls for HIPAA and PCI DSS.

Allergan (now AbbVie) **Jul 2017 – Nov 2018**
Internal Auditor II *Madison, NJ*

- Reviewed security and delivery risk on IT acquisition and development projects, including SDLC and agile practices for 12 applications and change management on three platforms.
- Audited data centers, backup and recovery, encryption, data classification, and incident response; reviewed access for 5,000+ users and 2,000+ devices.
- Assessed IT governance, budgets over $10M, and disaster recovery objectives for critical systems.

Banco de Reservas **May 2006 – Jul 2017**
Two roles over 11 years *Santo Domingo, DR*

IT Audit & Project Management *Jun 2012 – Jul 2017*

- Led audit and project teams using NIST, COBIT, and COSO; identified and drove remediation of 80+ critical security vulnerabilities.
- Directed IT governance and control improvements that cut compliance gaps by 40% and made audit cycles 30% more efficient.
- Evaluated DR/BCP design for 20+ critical systems, including replication, redundancy, RTO, and RPO.
- Reviewed network and data protection controls: AES-256, TLS 1.2/1.3, IPsec, certificates, and encryption at rest.

Software Developer, Network Administrator & Security Engineer *May 2006 – Jun 2012*

- Managed firewalls, IDS/IPS, SIEM, and Windows/Linux security; handled incident investigations and forensics, vulnerability remediation, and patching.
- Built a Java/Spring Boot/MySQL web application and automated routine operations with Python and PowerShell.
- Owned infrastructure security and change management across the bank's technology operations.

EDUCATION

M.S., Network and Systems Administration, Rochester Institute of Technology 2016
B.S., Computer Science, Caribbean University 2012

CERTIFICATIONS

ISACA: CISM (2025), CISA (2025), CRISC (2026), CDPSE (2026)
Other: AWS Certified Security – Specialty (exam passed), COBIT 5 for IT Governance (2014), ITIL Foundation (2016)
In progress: Microsoft Azure Security Engineer Associate (AZ-500); CCNA/CCNP recertification (previously held)

LANGUAGES

English and Spanish, fully bilingual
