EDWARD MORFA

Information Security & Compliance Operations | Microsoft Cloud, Data Governance, Automation

Hollywood, FL • 480-227-4994 • edwardfive@gmail.com • **CISM | CISA | CRISC | CDPSE**

PROFESSIONAL SUMMARY

Information security and compliance operations leader with nearly 20 years in technology, most of it in financial services (Experian, Truist, Wells Fargo, Santander, BankUnited, Banco de Reservas). Started as a hands-on network administrator, security engineer, and developer, then spent 12+ years assessing and improving data governance, access control, and compliance operations. Led IT audit and project teams for five years, setting priorities, guiding staff, and holding teams accountable for quality and deadlines. Works in the Microsoft cloud (Azure, Entra ID) and ServiceNow, governs access through approved request workflows, and automates manual work with PowerShell and Python. Handles confidential matters with discretion, supports audits with evidence and clear control explanations, and explains technical risk to business stakeholders and senior leadership. Holds CISM, CISA, CRISC, and CDPSE.

CORE COMPETENCIES

Compliance Operations: Data governance and classification, retention and recovery controls, data privacy (CDPSE), audit support, evidence and control documentation, remediation management, procedures and runbooks

Team & Service Leadership: Team leadership and coaching, priority and workload management, escalation handling, service standards and reporting to leadership, vendor and service-provider management, stakeholder partnership with Compliance, Legal, HR, and Audit

Microsoft & Platforms: Microsoft Azure, Entra ID (Azure AD), ServiceNow, SailPoint, Saviynt, access request workflows and permissions, Windows and Linux, SIEM, MySQL and database concepts

Automation: PowerShell and Python automation to reduce manual effort, SQL, monitoring and data-quality checks, Microsoft Office, process and architecture documentation

Frameworks & Regulations: SOX, GDPR, NIST CSF, NIST 800-53, ISO 27001, SOC 2, PCI DSS, COBIT, banking and financial services regulations

WORK EXPERIENCE

Director of IT, Cybersecurity, Audit & Risk (Virtual CISO)
Dec 2024 – Present

tjss.us | *Miami, FL*

- Serve as virtual CISO for client organizations, owning security operations and compliance services and reporting operational health, risks, and improvement priorities to leadership.
- Run security risk assessments across cloud, identity, application, and network environments, and rank remediation by exposure, business impact, and compliance obligations.
- Oversee managed security services and service providers covering threat detection, continuous monitoring, incident response, and penetration testing.
- Map client controls to NIST, ISO 27001, SOC 2, HIPAA, GDPR, and SOX; track findings to validated closure and write business continuity and disaster recovery (contingency) plans.
- Manage technology vendors and service-provider escalations across cloud services, networks, and business applications, and deliver security awareness training to client staff.

IT Audit & Project Manager
Aug 2024 – Dec 2024

Experian (via TalentBurst) | *Miami, FL*

- **Assessed security controls for Experian internal audit:** built five risk and control matrices and led 15+ ITGC walkthroughs, improving audit planning efficiency by 35% and reaching 90% risk coverage.
- Tested 100+ controls for design and operating effectiveness, identified 30+ gaps, and worked with control owners on remediation, supporting a 40% improvement in compliance.
- **Evaluated access request workflows and permissions across SailPoint, Saviynt, ServiceNow, and Azure AD:** provisioning, deprovisioning, access reviews, least privilege, and change approvals.

Senior IT Security Audit Project Specialist
Sep 2023 – Jul 2024

Truist Bank (via RGP) | *Miami, FL*

- Identified and assessed 30+ information and network security risks at a large U.S. bank and turned them into practical remediation plans that technology owners could prioritize.
- Worked with 10+ technology and security stakeholders to review incident response and resilience and evaluate security control effectiveness.
- Performed 25+ control tests and reported gaps with recommended remediation.

Cybersecurity & IT Risk Consultant
Dec 2018 – Aug 2023

Apex Systems | *Multiple U.S. locations*

Security, compliance, and data governance engagements for banking, technology, healthcare, and logistics clients.

- **Santander, Wells Fargo, BankUnited:** Led 50+ technology and third-party vendor risk assessments for banking clients, including SOC 2 control reviews.
- **Deutsche Post DHL, VMware:** Ran 30+ SAP, network security, and open-source compliance reviews; automated control testing and data analysis with Python, cutting manual effort by 40%.
- **Eide Bailly:** Supported FedRAMP, FISMA, SOC 2, HIPAA, and HITRUST assessments and performed 20+ penetration tests.
- **Banner Health:** Designed IT governance controls and policies for HIPAA and PCI DSS.

Internal Auditor II
Jul 2017 – Nov 2018

Allergan (now AbbVie) | *Madison, NJ*

- Reviewed security risk on IT acquisition and development projects, including SDLC and agile practices for 12 applications and change management on three platforms.
- Audited data classification, backup and recovery, encryption, data centers, and incident response; tested access for 5,000+ users and 2,000+ devices.
- Assessed IT governance, budgets over $10M, and disaster recovery objectives for critical systems.

IT Audit & Project Manager
Jun 2012 – Jul 2017

Banco de Reservas | *Santo Domingo, DR*

- Led IT audit and project teams at a national bank, setting priorities, guiding staff, and holding the team accountable for quality; identified 80+ critical security vulnerabilities and drove them through remediation.
- Directed IT governance, audit methodology, and control improvements that cut compliance gaps by 40% and made audit cycles 30% more efficient.
- Evaluated DR/BCP design for 20+ critical systems, including replication, redundancy, RTO, and RPO, and reviewed encryption and data protection controls.

Software Developer, Network Administrator & Security Engineer
May 2006 – Jun 2012

Banco de Reservas | *Santo Domingo, DR*

- Managed Windows/Linux, firewalls, IDS/IPS, and SIEM; handled confidential incident investigations and forensics; automated operations with PowerShell and Python; built a Java/MySQL application.

EDUCATION

Master of Science, Network and Systems Administration — **2016**

Rochester Institute of Technology

Bachelor of Science, Computer Science — **2012**

Caribbean University

CERTIFICATIONS

Certified Information Security Manager (CISM) – ISACA — **2025**

Certified Information Systems Auditor (CISA) – ISACA — **2025**

Certified in Risk and Information Systems Control (CRISC) – ISACA — **2026**

Certified Data Privacy Solutions Engineer (CDPSE) – ISACA — **2026**

COBIT 5 for IT Governance – ISACA — **2014**

ITIL Foundation – AXELOS — **2016**

Also: AWS Certified Security – Specialty (exam passed); Azure AZ-500 in progress
