The ach file was processed yesterday, that's why T24 comes out FT Not Foud, because Globus does not allow duplicity.

The screenshot displays the FedImport application interface. The main window, titled 'Images', shows a list of imported images. One image is highlighted, showing a document with handwritten text: 'Banco Santander' and 'A#101024943890'. A smaller window titled 'Import Increasing File' is open, displaying a path, total records (14), total amount (55629.7), and total exceptions (14). A status bar at the bottom indicates 'User ID: MIA26323'.
